

We are looking for **chairs** for the **Young Scientists' Satellite 2027**

within **LS² Annual Meeting 2027**
10-11 February
Amphipôle, University of Lausanne

Deadline to apply: May 31, 2026

The **Young Scientists' Satellite (YSS)** at the LS² Annual Meeting promotes **networking** between **young researchers** from Switzerland and **internationally recognized scientists**. The satellite aims to give early-career scientists a platform to **present their work**, aiding interaction between various life science sectors. In addition, we wish to **motivate and inspire** by organizing **panel discussions or workshops** on career-related or other pressing topics (i.e., science communication, grant applications, mental health, etc.). See an example from the [2026 Annual Meeting](#).

What are your tasks as chair?

- Plan the YSS program;
- Choose the plenary speaker;
- Organize workshop or panel discussion;
- Select speakers for short talks from LS² Annual Meeting abstract pool;
- On-site moderation of YSS.

What does this role bring to you?

- Experience in organizing and moderating scientific and non-scientific sessions;
- Expands your network;
- Soft skills, especially agility;
- Increased visibility;
- A great entry for your CV!

If you wish to become a YSS Chair, please [apply HERE](#) by **May 31, 2026.**

You can apply **individually**. Alternatively, if you already have 1-2 colleagues interested in co-chairing with you, please apply as a **team** (indicate in comments, max 3 chairs). The call is not restricted to LS² members

The team will have the full support of the LS² Managing Office to assist with their tasks. We will also cover your registration fee, travel, and accommodation expenses during the Annual Meeting 2027.

We look forward to receiving your applications!

Best wishes,

Lalita Oparija-Rogenmozere & Neringa Mannerheim

LS² Scientific Officers
